ORGANISED BY THE CHELMSFORD & DISTRICT AUTO CLUB

Directly you begin reading THE MOTOR CYCLE you recognize it is *the* journal for enthusiasts. Exhaustive road test reports; graphic accounts of the latest sporting events; brilliantly illustrated technical and touring articles; practical hints and tips, a comprehensive service of Club and general news, and an extensive advertisement section offering everything you need are some of the things which made it famous. THE MOTOR CYCLE circulates throughout the world. Buy (or borrow) a copy every week!

For car enthusiasts, THE AUTOCAR is just as far ahead in its own field—and just as much in demand every Friday.

THE MOTOR CYCLE

FOR EVERY ENTHUSIAST—EVERY THURSDAY

OBVIOUSLY he has heard that we are offering a choice of seven pleasantly located living sites to all purchasers of caravans from our wide range of proprietary makes. These sites are all within easy reach of London; rentals are from 10/- a week, *and no premiums asked.* Make a date to call and see our grand display of modern caravans.

A Thrilling Chapter

WITH this meeting the curtain comes down on the first season of the new Boreham motor-racing circuit. What a year it has been!—from the exciting motorcycle meeting on April 26, when Robin Sherry captured the track record and showed the brilliance which later earned him promotion to A.J.S. works rider, down to the recent August Bank Holiday "Daily Mail" International Festival of Motor Sport.

The year's meetings have opened a Boreham chapter in the history of motor sport. Deeds and duels, startling speeds and courageous feats of endurance, as well as the general level of unaffectedly good motor racing, have written their own record and earned "full marks" for the circuit.

The pioneers of the circuit are the Chelmsford and District Auto Club who organise to-day's meeting. When the circuit was just a newly unemployed airfield—in September, 1950—with the permission of the owners, Co-Partnership Farms and their enterprising General Manager, Mr. E. N. Boswell, they laid out the course with stakes, ropes and straw bales and ran the first motorcycle meeting. They gave the names to the bends and corners that are now famous.

Motorcycle racing had the honour of beginning this year with the April 26 meeting.

On July 26 the Club organised a National meeting second to none held on the mainland of this country since the war. Records were made—among them Ken Kavanagh's remarkable achievement on a 499 c.c. Norton, lapping at 95.24 m.p.h.

The Bank Holiday International Festival included a grand motorcycle event on the Monday with great riding in heavy rain.

The year's events have brought scores of thousands of enthusiasts to Boreham. And many of them came for the first time. It is hoped that they took away with them pleasant, as well as exciting, memories.

Boreham is on the map. And when to-day's races end, the riders, the drivers and the spectators who have witnessed the circuit's rise to fame may look forward to a more spectacular year still in 1953.

*For speed and simplicity...
I have yet to find the equal!*

"Torrens"
of the
"Motor Cycle"
says:-

**THE
MOTOR CYCLE**
FOUNDED 1905 CIRCULATES THROUGHOUT THE WORLD

1933

I have not washed down a motor cycle for at least five years. All I use is a spray gun, Kar-Ka-Leen and plenty of rag.

1939

Having sprayed the model—plating, saddle, enamel, crankcase and all except the cylinder—I do as the directions state, namely, rub off the dirt, that done, the various parts are polished with a clean piece of soft rag and the job is finished. For SPEED AND SIMPLICITY I HAVE YET TO FIND THE EQUAL.

1948

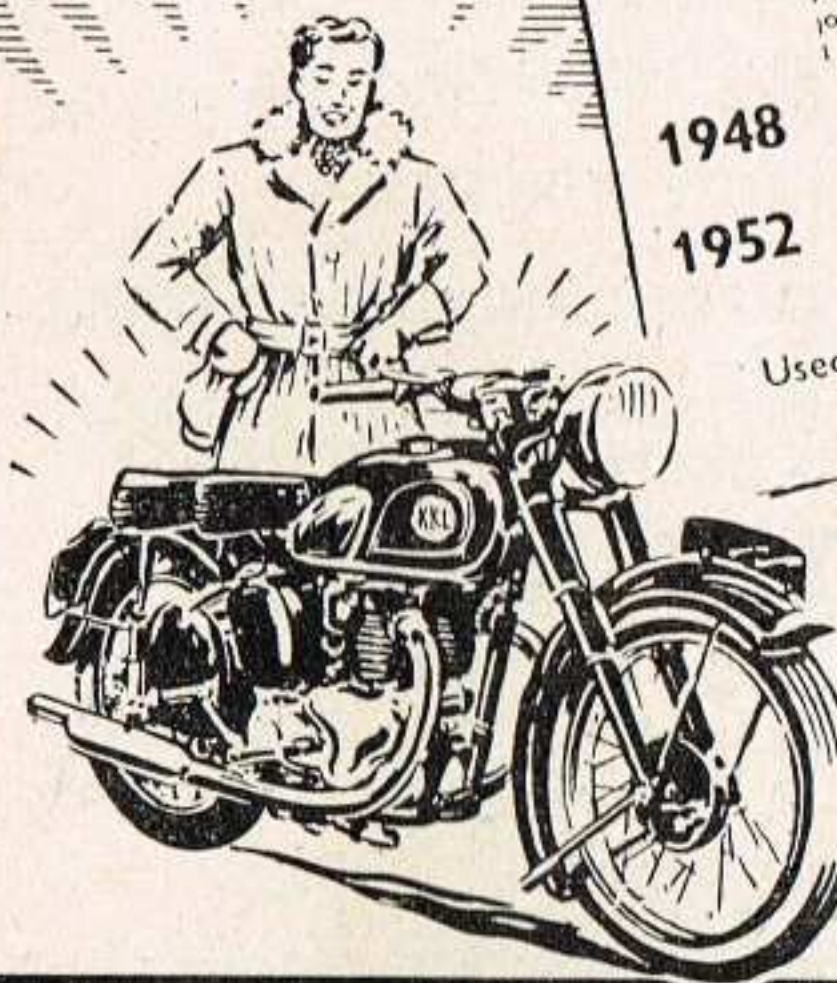

My standard method of cleaning, spray on Kar-Ka-Leen, rub off the mud, give a final polish with a clean soft rag.

1952

As usual, I employ the spray method with Kar-Ka-Leen as the cleaner and polisher.

1928—1952.

Used and recommended by "Torrens" for twenty-four years.

*The SPRAY
CLEANER
and
POLISH*

KAR-KA-LEEN

Sprayer 3/9 **7 DAYS' FREE TRIAL** 12 oz. tin 2/-

Obtainable from The Halford Cycle Co., your local dealer, or direct, carriage paid, from the manufacturers:—Wm. Knowles (Bebington) Ltd., Acres Road, Bebington

EXPERIENCE AND CRAFTSMANSHIP

are behind the superb quality of Craven luggage and accessories for motor-cycles. Development and testing have been carried out over 100,000 miles in Britain and on the Continent, and research is continuous.

The best in design, materials and workmanship goes into Craven products to make them reliable, enduring and handsome—in fact, worthy of the machines to which they are fitted.

Detachable carriers, side-frames, and luxurious "Silver Arrow" outfits—all are designed with made-to-measure fittings for specific models. The fixing points are unobtrusive, and there is never need for hole-drilling or other mutilation of the machine.

Manufacturers of all types of carrying equipment for most post-war models; Induction horns; Pillions; Elastigrips. Whatever the travel requirements, write for brochure to:—
