Benzole makes good petrol better

... better for more miles per gallon

What finally decides how far you will go on a gallon of fuel is—how much energy Nature has put into that fuel. And here the user of National Benzole Mixture gets a free gift. Into every drop of Benzole Nature has packed more energy — more potential mileage — than there is in straight petrols. Thus Benzole, blended with good petrol as it is in National Benzole Mixture, *cannot* and *does not* fail to give you more miles per gallon.

NATIONAL BENZOLE MIXTURE

★ *National Benzole Mixture is obtainable at SNETTERTON SERVICE STATION adjoining the circuit*

National Benzole Company Limited, Wellington House, Buckingham Gate, London, S.W.1
(The distributing organisation owned and entirely controlled by the producers of British Benzole)
