## Second United States Air Force

# Trophy Meeting

Ladies and Gentlemen,

It is a pleasure to us all here today to extend a welcome to our friends from the U.S.A. This National Racing Meeting, organised by the Aston Martin Owners' Club, will we feel sure, give you a thoroughly enjoyable afternoon's sport. The U.S.A.F. are our guests during their stay here, and we all sincerely hope that the Motor Racing at Snetterton this afternoon, will provide them with a background of Motor Racing, as a Sport in our Country.

The beautiful trophy presented by Maj. Gen. Francis H. Griswold, was won last year by Maj. A. P. Rolt, driving a Connaught, and we all hope that we shall see the same keen competition, and exacting racing, for this fine cup that we witnessed last July.

Every event in today's programme is packed with interest, so let us hope that this afternoon's racing will enrol you, if indeed you are not already enrolled, in the growing tide of enthusiasm for Motor Racing; this wonderful sport.

EVENT 1

## HALF HOUR HIGH SPEED TRIAL FOR SPORTS AND TOURING CARS

Competitors in this test will be on the circuit for exactly thirty minutes after the drop of the flag.

Cars will be lined up for starting with engines dead, in echelon formation, with their respective drivers lined up facing them, i.e. a "Le Mans" start.

Competitors are grouped in classes, and given average speeds which they must attain to secure an Award.

At a previously specified time each car must call in at the pits and completely remove and replace any one of the road wheels. Competitors may be assisted at this and any other time by not more than TWO pit assistants, who must remain in their allotted area and who may make signals to their drivers therefrom.

The chequered flag will be exhibited exactly thirty minutes after the starting signal of the trial.

In Open Cars crash helmets and goggles or visors will be worn by drivers.

... better for more miles per gallon

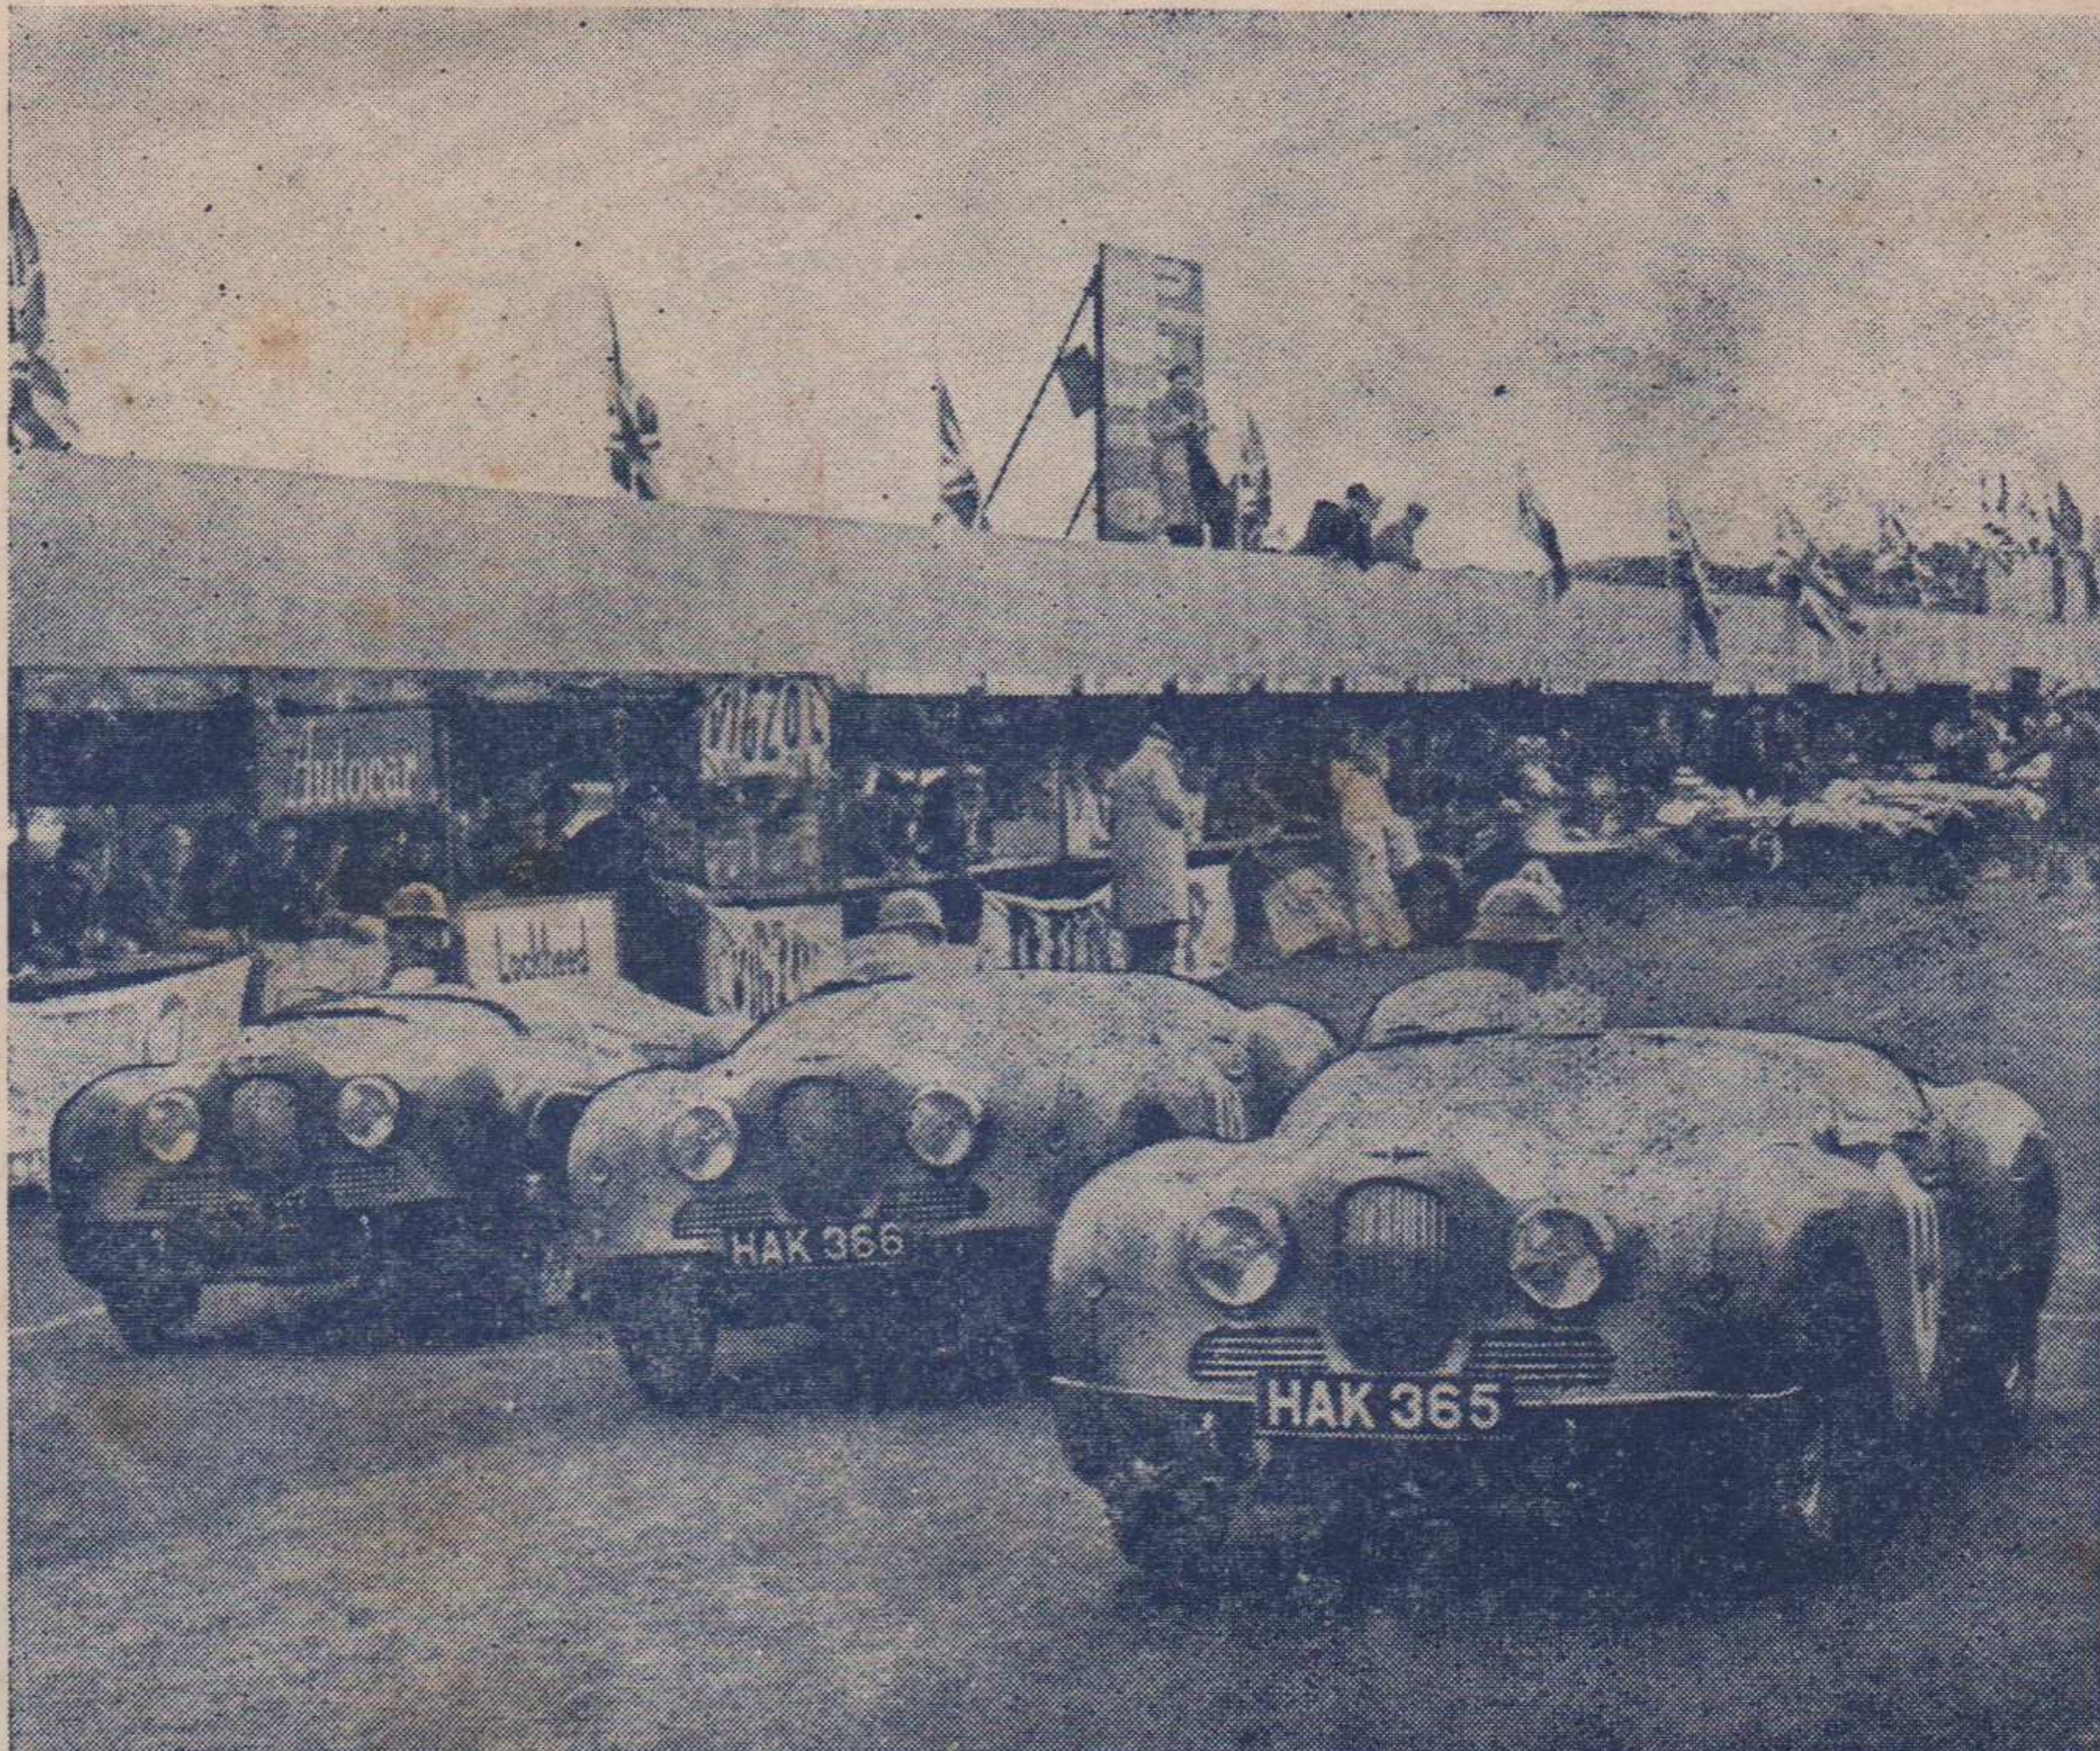

What finally decides how far you will go on a gallon of fuel is—how much energy Nature has put into that fuel. And here the user of National Benzole Mixture gets a free gift. Into every drop of Benzole Nature has packed more energy

— more potential mileage — than there is in straight petrols. Thus Benzole, blended with good petrol as it is in National Benzole Mixture, *cannot* and *does not* fail to give you more miles per gallon.

**NATIONAL BENZOLE MIXTURE**

★ **National Benzole Mixture is obtainable at SNETTERTON SERVICE STATION adjoining the circuit**

## What's the **difference** ?

As always, the answer is most likely to be in *The AUTOCAR*, which invariably gives you the most graphic and detailed descriptions of the season's chief sporting thrills. Everything else of interest to the enthusiast is covered just as brilliantly, with authoritative technical information, searching Road Tests, absorbing articles on touring and caravanning, an invaluable readers' enquiry service and an unequalled advertisement section. Be sure of all the answers—in *The AUTOCAR* every Friday, 1s.
